SUBSCRIPTION INFORMATION

The Job Information Lists are published four times during the academic year--in October, December, February, and April. All issues provide information about four-year colleges and universities; the February issue contains supplementary two-year college listings. The cost of a subscription for an MLA member in the continental U.S. and Canada is $12.00, and $16.00 for a member in Hawaii, Alaska, or overseas. Nonmembers pay $17.00 in the continental U.S. and Canada, and $21.00 in Hawaii, Alaska, or overseas. The Lists are sent by first-class mail to subscribers in the U.S. and Canada, and by airmail to all other areas; they should be received shortly after the publication dates listed below. Please note, however, that these are projected dates only and are subject to change without notice.

- February issue: 10 February 1978
- April issue: 14 April 1978
- Summer supplement: 23 June 1978

Further inquiries should be directed to Roy Chustek, Coordinator, Job Information Service, 62 Fifth Avenue, New York, N. Y. 10011.
IN THIS ISSUE

Information for this issue was provided by 1,055 departments of English, comparative literature, and linguistics in two-year and four-year institutions in the U.S. and Canada. The entries describe 302 definite or possible openings.

GUIDE FOR USING THE JOB INFORMATION LIST

U.S. and Canadian Four-year Colleges and Universities (pp. 1-16)

The main body of the List, arranged alphabetically by state (and by zip code within states), contains information from chairmen on definite or possible vacancies, comments on notices published in past issues (e.g., that a previously announced position has been filled, that a deadline has been extended, and so forth), and notices from chairmen who expect no vacancies but who would nevertheless like to keep resumes on file.

Read through this section item by item to see which departments would welcome your letter of application or inquiry at this time. Send letters only to departments expressing an interest in a person with your qualifications. If a chairman states that he expects no vacancies but would like to maintain a file of prospective candidates, you must decide in each case whether it is worthwhile to write.

Comparative Literature, Linguistics, and ESL Sections (pp. 17-19)

Notices in these fields have been separated out from the main body of the issue and placed under the appropriate heading, with cross-referencing to items in the main body of the List that might also be of interest. Candidates should read through the main body carefully, however, since the cross-referencing is not exhaustive.

Two-year Colleges (pp. 20-22)

Although junior and community college departments are encouraged to place job notices in any issue, a special request is made for entries for the February List. Information on both full- and part-time openings is included on these pages; two-year colleges reporting no vacancies are found on pp. 35-36.

Additional Entries (pp. 23-25)

This section consists primarily of notices that arrived after the main body of the List went to press, but in time to be included in an appendix. "Additional Entries" also contains notices of nonacademic positions, overseas opportunities, and openings in private secondary schools, when such information has been supplied.

Departments Reporting No Vacancies (pp. 25-31)

This section lists departments reporting no openings for the remainder of academic year 1977-78 or for 1978-79; the departments have requested that candidates not send letters of application. Do not waste your time and the chairman's time by writing to such departments; if an unexpected opening should occur, the chairman will report this in the April List. The only no-vacancy departments to which you should write are those in the main body of the issue where the chairman has stated that letters or credentials will be kept on file.
GENERAL ADVICE FOR CANDIDATES

Be sure that your dossier (transcript, letters of recommendation, and other material) is ready to be sent out by your placement bureau to any chairman who requests it. Prepare and duplicate a one-page vita sheet to enclose with any letters of inquiry or application. In your letter of application, it is probably wise to express a willingness to be interviewed at the chairman's convenience. Professional meetings (such as NEMLA; see below) provide a convenient opportunity for such interviews.

While it is always important to begin to search for a position as early as possible, you should be aware that hiring goes on all year. Surveys indicate that only about half of all English and foreign language departments have begun recruiting by the end of December, and that the majority of departments do not complete the recruiting process until spring, in some cases until summer.

Bear in mind that the candidate who has not limited his or her search for a new position to a particular geographic area or kind of institution is most likely to find a job. Do not discount the small colleges or emerging institutions where one often has the opportunity to teach a wide selection of courses to students of varied backgrounds.

FACULTY EXCHANGE AT NEMLA CONVENTION

An informal faculty job exchange and counseling service will be held at the Annual Conference of the Northeast MLA, 23-25 March 1978, at the State University of New York at Albany. Chairpersons having open full- or part-time positions and willing to interview applicants at the conference are invited to send descriptions of the positions to Professor Lawrence Berlow (NEMLA Coordinator for English), Department of English, Bronx Community College, 181st Street and University Avenue, Bronx, New York 14053.

Job seekers in English may register by sending a resume to Professor Berlow. Resumes should be (preferably) one page, on standard 8-1/2" by 11" paper, and punched for a three-ring loose-leaf notebook.
