# SUBSCRIPTION INFORMATION

The *Job Information Lists* are published four times during the academic year—in October, December, February, and April. All issues provide information about four-year colleges and universities; the February issue contains supplementary two-year college listings. The cost of a subscription for an MLA member in the continental U.S. and Canada is $12.00, and $16.00 for a member in Hawaii, Alaska, or overseas. Nonmembers pay $17.00 in the continental U.S. and Canada, and $21.00 in Hawaii, Alaska, or overseas. The *Lists* are sent by first-class mail to subscribers in the U.S. and Canada, and by air mail to all other areas. This April List is the last regularly scheduled issue for 1978-79; however, a special *Summer Supplement* containing last-minute notices of vacancies for fall 1979 will be mailed to all 1978-79 subscribers (both full-year and half-year) on 22 June. Renewal forms for 1979-80 will be included with the Supplement.

Further inquiries should be directed to Roy Chustek, Coordinator, Job Information Service, 62 Fifth Avenue, New York, N. Y. 10011.
IN THIS ISSUE

Information for April was provided by 772 departments of English, Comparative Literature and Linguistics in U.S. and Canadian colleges and universities. The listings describe 228 definite and possible vacancies.

GUIDE FOR USING THE JOB INFORMATION LIST

U.S. and Canadian Four-year Colleges and Universities (pp. 1-15)

The main body of the List, arranged alphabetically by state (and by zip code within states), contains information from chairmen on definite or possible vacancies, comments on notices published in past issues (e.g., that a previously announced position has been filled, that a deadline has been extended, and so forth), and notices from chairman who expect no vacancies but who would nevertheless like to keep resumes on file.

Read through this section item by item to see which departments would welcome your letter of application or inquiry at this time. Send letters only to departments expressing an interest in a person with your qualifications. If a chairman states that he expects no vacancies but would like to maintain a file of prospective candidates, you must decide in each case whether it is worthwhile to write.

Comparative Literature, Linguistics, and ESL Sections (pp. 15-16)

Notices in these fields have been separated out from the main body of the issue and placed under the appropriate heading, with cross-referencing to items in the main body of the List that might also be of interest. Candidates should read through the main body carefully, however, since the cross-referencing is not exhaustive.

Additional Entries (pp. 16-18)

This section consists primarily of notices that arrived after the main body of the List went to press, but in time to be included in an appendix. "Additional Entries" also contains notices of nonacademic positions, overseas opportunities, and openings in private secondary schools, when such information has been supplied.

Departments Reporting No Vacancies (pp. 19-24)

This section lists departments reporting no openings for the remainder of academic year 1978-79 or for 1979-80; the departments have requested that candidates not send letters of application. Do not waste your time and the chairman's time by writing to such departments; if an unexpected opening should occur, the chairman will report this in the Summer Supplement. The only no-vacancy departments to which you should write are those in the main body of the issue where the chairman has stated that letters or credentials will be kept on file.
