SUBSCRIPTION INFORMATION

The Job Information Lists are published four times during the academic year--in October, December, February, and April. All issues provide information about four-year colleges and universities; the February issue contains supplementary two-year college listings. The cost of a subscription in the U.S. and Canada is \$35.00 and \$47.00 outside the U.S. or Canada. The Lists are sent by first-class mail to subscribers in the U.S. and Canada, and by airmail to all other areas. This April List is the last regularly scheduled issue for 1990-91; however, a special Summer Supplement containing last-minute notices of vacancies will be mailed to all 1990-91 subscribers (both full-year and half-year) on 21 June. Renewal Forms for 1991-92 will be included in the supplement.

Further inquiries should be directed to Roy Chustek, Editor, Job Information List, MLA, 10 Astor Place, New York, NY 10003.

IN THIS ISSUE

The April issue contains notices describing 78 definite and possible positions.

GUIDE FOR USING THE JOB INFORMATION LIST

U.S. and Canadian Departments (pp.1-6)

The main body of the List, arranged in alphabetical order by state (and for Canada, by province), contains information on definite or possible vacancies, comments on notices published in past issues (e.g., that a previously published position has been filled or the deadline extended), and notices from departments that expect no vacancies but would nevertheless like to keep vitae on file.

Read through this section item by item to see which departments would welcome your letter of application or inquiry at this time. Send letters only to departments expressing an interest in a person with your qualifications. If a notice states that no vacancies are expected but that the department would like to maintain a file of prospective candidates, you must decide in each case whether it would be worthwhile to write.

In your letter of application, it is probably wise to express a willingness to be interviewed at the department's convenience.

Comparative Literature, Linguistics, and ESL Sections(p.6)

Notices in these fields have been separated out from the main body of the issue and placed under the appropriate heading, with occasional cross-referencing to items in the main body of the List. Candidates should read through the main body carefully, however, since the cross-referencing is not exhaustive.

Additional Entries(pp.7-8)

The "Additional Entries" section consists primarily of notices that arrived after the main body of the List went to press, but in time to be included in an appendix. The section also contains notices of nonacademic positions, overseas opportunities, fellowships and grants, as well as openings in private secondary schools, when such information is supplied.

Departments Reporting No Vacancies

A listing of these departments appears in the October and February issues.
