**SUBSCRIPTION INFORMATION**

The *Job Information Lists* are published four times during the academic year—in October, December, February, and April. All issues provide information about four-year colleges and universities; the February issue contains supplementary two-year college listings. The cost of a subscription for an MLA member in the U.S. and Canada is $12.00, and $17.00 for a member outside the U.S. or Canada. Nonmembers pay $20.00 in the U.S. and Canada, and $25.00 outside the U.S. and Canada. The Lists are sent by first-class mail to subscribers in the U.S. and Canada, and by airmail to all other areas; they should be received shortly after the publication dates listed below. Please note, however, that these are projected dates only and are subject to change without notice.

- October issue: 14 October 1980
- December issue: 17 November 1980
- February issue: 6 February 1981
- April issue: 13 April 1981

Further inquiries should be directed to Roy Chustek, Coordinator, Job Information Service, 62 Fifth Avenue, New York, N.Y. 10011.
IN THIS ISSUE

Information for the October issue was provided by 1,228 two and four-year departments of foreign language, comparative literature, and linguistics in U.S. and Canadian colleges and universities, as well as some number of overseas institutions and non-academic enterprises. The current issue includes descriptions of 420 definite or possible vacancies (412 were reported at this time last year), which are broken down by language as follows: French, 46 definite, 31 possible; Spanish, 89 definite, 31 possible; German, 30 definite, 19 possible; Italian, 14 definite, 4 possible; Slavic, 25 definite, 7 possible, combined language fields, 10 definite, 3 possible; and linguistics, comparative literature, and other language fields, 82 definite, 33 possible.

GUIDE FOR USING THE JOB INFORMATION LIST

U.S. and Canadian Departments (pp. I-17)

The main body of the List, arranged in alphabetical order by state (and for Canada, by province), contains information from chairmen on definite or possible vacancies, comments on notices published in past issues (e.g., that a previously announced position has been filled), and notices from chairmen who expect no vacancies but would nevertheless like to keep resumes on file.

Read through this section item by item to see which departments would welcome your letter of application or inquiry at this time. Send letters only to departments expressing an interest in a person with your qualifications. If a chairman states that he expects no vacancies but would like to maintain a file of prospective candidates, you must decide in each case whether it is worthwhile to write.

Comparative Literature, Linguistics, ESL, Classics, and Middle Eastern and Asian Languages Section (pp. 18-22)

Notices in these fields have been separated out from the main body of the issue and placed under the appropriate heading, with occasional cross-referencing to items in the main body that might also be of interest. Candidates should read through pages I-17 carefully, however, since the cross-referencing is not exhaustive. If your field is ESL/EFL or bilingual education, check both the Linguistics and ESL sections, and then read through the main body.

Additional Entries (pp. 23-25)

The "Additional Entries" section consists primarily of notices that arrived after the main body of the List went to press, but in time to be included in an appendix. The section also contains notices of nonacademic positions, overseas opportunities, fellowships and grants, as well as openings in private secondary schools, when such information is supplied.

Departments Reporting No Vacancies (pp. 26-31)

This section lists departments reporting that they have no openings for the remainder of 1980-81 or for 1981-82. Do not waste your time and the chairman's time by writing to these departments; if an opening should occur unexpectedly, the chairman will report this in the next List. The only "no-vacancy" departments to which you should write are those in the main body of this issue where the chairman has stated that letters or credentials will be kept on file.
GENERAL ADVICE FOR CANDIDATES

Be sure that your dossier (transcript, letters of recommendation, and other material) is ready to be sent out by your placement bureau to any chairman who requests it. Prepare and duplicate a one-page vita sheet to enclose with any letters of inquiry or application. In your letter of application, it is probably wise to express a willingness to be interviewed at the chairman's convenience. Professional meeting provide a convenient opportunity for such interviews (see list of upcoming meetings below).

While it is important to begin to search for a position immediately, you should be aware that hiring goes on all year. Surveys indicate that only about half of all English and foreign language departments have begun recruiting by the end of December, and that the majority of departments do not complete the recruiting process until spring, in some cases until summer.

Bear in mind that the candidate who has not limited his or her search for a new position to a particular geographical area or kind of institution is most likely to find a position. Do not discount the small colleges or emerging institutions where one often has the opportunity to teach a wide selection of courses to students of varied backgrounds.

The FAC was established in 1973 in order to facilitate the movement of professional persons in education. The Center makes it possible for interested professionals to exchange positions with colleagues in their field from institutions both on this continent and overseas where the language is English. For the past few years, a number of our faculty members have suggested that while they are not always prepared to exchange teaching positions, they are willing to exchange houses for purposes of travel and study. The FAC will publish two house exchange supplements for this purpose. Further information and registration forms may be obtained by sending stamped, self-addressed envelopes to adr. above.
