INFORMATION FOR CANDIDATES

The December issue contains descriptions of approximately 210 definite and possible vacancies. Readers should note that departments are not encouraged to repeat listings. If a notice that appeared in the October issue is not readvertised, you should not assume that the position is no longer available. The only reliable guide to application is to check the deadline reported in the original notice or a current announcement in this List. The December listings are broken down by language as follows: French, 33 definite, 2 possible; Spanish, 99 definite, 8 possible; German, 14 definite; Italian, 8 definite, 1 possible; Slavic, 5 definite; Romance Languages, 1 definite, 1 possible; multiple language fields, 10 definite; and linguistics, Middle Eastern and Asian languages, comparative literature, and other language fields, 40 definite, 1 possible.

Guide for Using the Job Information List

The main body of the *List*, arranged in alphabetical order by language, contains information on definite or possible vacancies, comments on notices published in past issues (e.g., that a previously announced position has been filled), and notices from departments that expect no vacancies but would nevertheless like to keep résumés on file.

Read through this section item by item to see which departments would welcome your letter of application or inquiry at this time. Send letters *only* to departments expressing an interest in a person with your qualifications. If a notice states that no vacancies are expected but that the department would like to maintain a file of prospective candidates, you must decide in each case whether it is worthwhile to write.

Multiple Language Listings

Notices for two or more positions in different languages (e.g., for both an assistant professor of Russian and an instructor of French), as well as notices of single positions calling for expertise in more than one language (e.g., associate professor of Spanish and German).

Comparative Literature, Linguistics and ESL, and Other Sections

Notices in these fields have been separated out from the main body of the issue and placed under the appropriate heading.

Comments on Previous Listings

This section contains statements submitted by departments commenting on entries in the October *List* (e.g., announcing a new application deadline, reporting an address correction, etc.).

General Advice for Candidates

Be sure that your dossier (transcript, letters of recommendation, and other material) is ready to be sent out by your placement bureau to any department that requests it. Prepare and duplicate a one-page vita sheet to enclose with any letters of application or inquiry. In your letter of application, it is probably wise to express a willingness to be interviewed at the department's convenience. Professional meetings provide a convenient opportunity for such interviews (see MLA convention information on p. ii).

While it is important to begin to search for a position immediately, you should be aware that *hiring goes on all year*. Surveys indicate that only about half of all English and foreign language departments have begun recruiting by the end of December and that the majority of departments do not complete the recruiting process until spring, in some cases until summer.

Bear in mind that the candidate who has not limited his or her search for a new position to a particular geographical area or kind of institution is most likely to find a position. Do not discount the small colleges where one often has the opportunity to teach a wide selection of courses to students of varied backgrounds.

Notice on Tenure Policies

The Modern Language Association recommends that department administrators and their representatives inform candidates before or during the interview about prospects for tenure in the specific position under consideration and about the tenure policies and practices in their departments and institutions. If the information is not offered, candidates are urged to inquire about these policies.

Acknowledgment of Applications

Acting on a recommendation from the MLA Delegate Assembly, the MLA Executive Council has adopted a policy calling for departments to acknowledge all applications for announced positions either by letter or by self-addressed postcards provided by applicants.

MLA Guide to the Job Search

The MLA Guide to the Job Search (New York: MLA, 1997) contains much useful information and advice to assist candidates in organizing their job searches confidently and competently. Copies of the *Guide* are available to *JIL* subscribers for \$8.00 and no shipping and handling charge. The regular price of the *Guide* is \$10.00 (\$8.00 for MLA members), plus \$3.00 for shipping and handling. To order a copy, write, enclosing a check, to MLA Member and Customer Services, 10 Astor Place, New York, NY 10003-6981.

MLA ANNUAL CONVENTION

The Annual Convention of the Modern Language Association will be held in San Francisco, 27–30 December 1998. The Job Information Center will be located in California East and West, Westin St. Francis, for both English and foreign languages. Job candidates, departmental administrators, and representatives who wish to use the facilities of the Job Information Center must be registered for the convention. The following services will be provided:

- (1) *Interviewer's Sign-In Desk.* Departmental administrators or representatives who plan to hold job interviews during the convention, whether in their own hotel rooms or in the Interview Area of the Job Information Center, should sign in (name, institution, hotel, and room number) at the main desk in the Job Information Center, so that candidates with whom they have been in correspondence regarding interviews will be able to locate them. Although an interviewer's name may appear in Who's Where, it is often impossible for candidates to get through the busy hotel switchboards for room information. A brief stop at the sign-in desk by a thoughtful interviewer can save much confusion and worry for a candidate who has received a letter saying "I want to interview you. Get in touch with me at the convention." If supplied with a list of candidates with whom the department has scheduled interviews, the MLA staff will release room information only to these people. The sign-in desk will be open from 12:00 noon to 8:00 p.m. on 27 December, from 9:00 a.m. to 8:00 p.m. on 28 December, from 9:00 a.m. to 6:00 p.m. on 29 December, and from 9:00 a.m. to 12:00 noon on 30 December.
- (2) *Counseling Service.* The Job Information Center counseling service affords job seekers the opportunity to discuss individual employment problems with experienced department administrators. While counselors cannot help candidates obtain interviews, they can and will offer objective, concrete advice on such matters as the appropriate content and presentation of vitae and letters of application, the kinds of institutions to which candidates might most profitably apply, and realistic approaches to job interviews. Counselors will be on hand at the center to speak with interested candidates from 10:15 a.m. until 5:15 p.m. on 28 and 29 December. Appointments can be arranged through the staff member on duty in the interview area of the job center.
- (3) *Interview Area.* For the convenience of departmental representatives and candidates, there will be an interview area for English and foreign languages within the Job Information Center. Interviewers who wish to use this area should schedule their own interviews either by letter before the convention or by leaving messages at the message center. Table assignments in the interview area, which will be open from 12:00 noon until 8:00 p.m. on 27 December, from 9:00 a.m. until 8:00 p.m. on 28 December, from 9:00 a.m. until 6:00 p.m. on

29 December, and from 9:00 a.m. until noon on 30 December, will be given to departmental representatives on a first-come, first-served basis. MLA staff members will be on duty in the area to assist interviewers and candidates.

- (4) *Vacancy Notices.* A list of job openings received too late to be included in the December *Job Information List* will be posted on bulletin boards in the Job Information Center. Departmental representatives who have last-minute vacancies should submit detailed descriptions of these to an MLA staff member in the center, who will see that they are posted on the boards. Such notices may also appear in the February *Job Information List* so that candidates who do not attend the convention will have an opportunity to apply.
- (5) *Message Center.* Open from 12:00 noon until 8:00 p.m. on 27 December, from 9:00 a.m. until 8:00 p.m. on 28 December, from 9:00 a.m. to 6:00 p.m. on 29 December, and from 9:00 a.m. until noon on 30 December, the message center will help candidates and interviewers who have corresponded before the convention to establish specific interview times and places. The message center will not be useful to those who leave messages at random for persons who may not even be in attendance at the convention. Such messages are not picked up, and they serve only to defeat the purpose of the center.

While every effort will be made to assist candidates and interviewers in the Job Information Center, it should be noted that *the MLA does not have the facilities for introducing candidates and interviewers who have not corresponded prior to the convention.*

THERE IS VERY LITTLE OPEN INTERVIEWING AT THE CONVENTION. JOB CANDIDATES WHO DO NOT HAVE PREARRANGED INTERVIEWS SHOULD NOT PLAN TO ATTEND FOR THE SOLE PURPOSE OF SEEKING EMPLOYMENT.

Telephone System for Interview Location

This year candidates will be able to obtain information about interview locations by telephone as well as in person. The telephone number for the Job Center is 415 774-0139.

LIST OF ADMINISTRATIONS CENSURED

BY THE AMERICAN ASSOCIATION OF UNIVERSITY PROFESSORS

Note: The following list and accompanying explanatory note are reprinted from Academe by permission of the American Association of University Professors and in accordance with the action of the MLA Delegate Assembly.

Investigations by the American Association of University Professors of the administrations of the institutions listed below show that, as evidenced by a past violation, they are not observing the generally recognized principles of academic freedom and tenure endorsed by this Association, the Association of American Colleges and Universities, and more than 150 other professional and educational organizations. The 1940 *Statement of Principles on Academic Freedom and Tenure* may be found in the May-June 1990 issue of *Academe*.

This list is published for the purpose of informing Association members, the profession at large, and the public that unsatisfactory conditions of academic freedom and tenure have been found to prevail at these institutions. Names are placed on or removed from this censure list by vote of the Association's Annual Meeting.

Placing the name of an institution on this list does not mean that censure is visited either upon the whole of the institution or upon the faculty, but specifically upon its present administration. The term "administration" includes the administrative officers and the governing board of the institution. This censure does not affect the eligibility of nonmembers for membership in the Association,

nor does it affect the individual rights of members at the institution in question.

Members of the Association have often considered it to be their duty, in order to indicate their support of the principles violated, to refrain from accepting appointment to an institution so long as it remains on the censure list. Since circumstances differ widely from case to case, the Association does not assert that such an unqualified obligation exists for its members; it does urge that, before accepting appointments, they seek information on present conditions of academic freedom and tenure from the Association's Washington office and prospective departmental colleagues. The Association leaves it to the discretion of the individual, possessed of the facts, to make the proper decision.

The censured administrations, with dates of censuring, are listed below. Reports were published as indicated by the *Bulletin* or *Academe* citations in parentheses following each listing. Reference should also be made to "Developments Relating to Censure by the Association" and to the "Report of Committee A," each of which appears annually in *Academe*.

Job Clinic on Nonacademic Careers

00038

A job clinic for MLA members interested in employment outside the academy will be held at the 1998 convention in San Francisco. The clinic will be conducted by Howard Figler, career consultant, author (*The Complete Job Search Handbook*), and former director of the University of Texas Career Center. The workshop, consisting of three sessions, will begin at 4:00 p.m. on Saturday, 26 December, the day before the formal opening of the convention, and conclude at 12:00 noon on Monday, 28 December. Conflict with other sessions should be limited.

The job clinic is designed to help participants learn to identify career options and marketable skills, prepare effective letters of application and resumes, locate jobs, and improve interviewing and negotiation skills. It is especially recommended for those considering nonacademic professional careers.

The first job clinic was held at the 1984 convention. Response over the years has been enthusiastic. One participant praised a previous clinic for being "very well organized, reasonably priced." Another observed, "I feel that I now have a concrete picture of available opportunities and practical approaches to the job search. Dr. Figler really helped rebuild my confidence and change my frame of mind to a more positive attitude. I especially appreciated that Dr. Figler's own background and the slant given to the seminar were pertinent to my own specific situation as an academic in transition."

The cost is \$205. Participants must be registered for the convention. Since enrollment is limited, those interested should write as soon as possible to the Job Information Service at the MLA office.
