

Dear Colleague:

The Modern Language Association (MLA) has established a professional development grant program for MLA members who teach at two-year institutions. Those selected to receive grants will attend a workshop led by MLA President Gerald Graff at the MLA Annual Convention, to be held this year in San Francisco from 27 to 30 December. Recipients of MLA grants are asked to request matching funds from their institutions. I write to support your faculty member's request for funding and to ask that you honor the request to the fullest extent possible.

The MLA's program provides grants of \$300 to those selected to participate in the workshop.

I thank you for your consideration. Should you have any questions regarding the MLA's professional development grant program, please contact me at 646 576-5102 or [rfeal@mla.org](mailto:rfeal@mla.org).

Sincerely,

Rosemary G. Feal  
Executive Director
