Literary Research Guide, 5th ed.

by James L. Harner

INSTITUTIONAL SITE LICENSES FOR LIBRARIES

“Every scholar and every library should own this book.”

—*Times Literary Supplement Online*

Previously available only in print, the *Literary Research Guide* is now available in a searchable online format for libraries. A comprehensive, annotated listing of reference sources in English literary studies, the fifth edition includes new entries describing resources published since May 2001, revisions of nearly half the entries from the fourth edition, and many more entries on electronic resources. The online format of the *Guide* will be an especially helpful tool for librarians assisting users in evaluating reference sources in the humanities.

The online format features automatic linking to reference sources in a library’s catalog, as well as a personalization tool that allows users to save searches and citations for later use. The electronic *Literary Research Guide* will be updated regularly. Libraries pay an initial fee to establish access to the electronic format of the fifth edition and an annual update fee to maintain access.

Site licenses for the *Literary Research Guide* place no limitations on the number of simultaneous users.
