SUBSCRIPTION INFORMATION

The print version of the *Job Information List* is published four times during the academic year—in October, December, February, and April. Listings are solicited from two- and four-year colleges and universities for all issues. The cost of an online-only subscription is \$35. The cost of a print-only subscription is \$45 in the United States and Canada and \$70 elsewhere. The cost of a subscription to both online and print versions is \$65 in the United States and Canada and \$90 elsewhere. The *List* is sent by first-class mail to subscribers in the United States and Canada and by airmail to all other areas; delivery should be shortly after the publication dates listed below. Please note, however, that these are *projected dates only* and are subject to change without notice. A subscription form is available at www.mla.org.

October issue	19 October 2001
December issue	16 November 2001
February issue	15 February 2002
April issue	15 April 2002

ACCESSING THE ELECTRONIC *JIL*

An online version of the *Job Information List* is available for searching by individuals who have subscribed to the electronic *JIL* as well as by job seekers in ADE- and ADFL-member departments. **A user name and password are required to search the database. To find your user name and password, follow these directions:**

If you are an individual subscriber: If you already have a user name and password, use them. If you do not, you may retrieve them online at the MLA Web site (www.mla.org). Follow the link to the *JIL* page and click on the appropriate "Search" button; when the password prompt appears, scroll down and enter your e-mail address in the appropriate box and click "E-mail me." Your user name and password will be sent to the e-mail address that you specified when you subscribed. You have the option to change your user name and password whenever you choose by logging in at the *JIL* page and then clicking the "Subscriber Information" button at the top of the search form and following the instructions for changing your user name and password.

If you are a job seeker in an ADE- or ADFL-member department: Graduate students and faculty members in departments that are current paid members of ADE or ADFL have access to the online *JIL* as a benefit of their department's ADE or ADFL membership. You must access the *JIL* through the ADE or ADFL home pages (www.ade.org; www.adfl.org). Information on how to access the online *JIL* on this basis is available from your department chair.

INFORMATION FOR CANDIDATES

Information on vacancies for the October issue was provided by departments of foreign language, comparative literature, and linguistics in US and Canadian colleges and universities, as well as some number of overseas institutions and nonacademic enterprises.

Guide for Using the Job Information List

The main body of the *List*, arranged in alphabetical order by language, contains information on definite or possible vacancies, comments on notices published in past issues (e.g., that a previously announced position has been filled), and notices from departments that expect no vacancies but would nevertheless like to keep résumés on file.

Read through this section item by item to see which departments would welcome your letter of application or inquiry at this time. Send letters *only* to departments expressing an interest in a person with your qualifications. If a notice states that no vacancies are expected but that the department would like to maintain a file of prospective candidates, you must decide in each case whether it is worthwhile to write.

Multiple Language Listings

Notices in which the language field is open, as well as notices of single positions calling for expertise in more than one language (e.g., associate professor of Spanish and German).

Comparative Literature, Linguistics and ESL, and Other Sections

Notices in these fields have been separated out from the main body of the issue and placed under the appropriate heading.

Additional Entries

This section lists positions in all languages that arrived after the deadline for the main language sections but in time to be included in an appendix.

Departments Reporting No Vacancies

A list of departments reporting no vacancies can be found on the Job List page at the MLA's World Wide Web site (www.mla.org). The departments on this list are indicating that they have no openings for the remainder of 2001–02 or for 2002–03. Do *not* waste your time and the department's time by writing; if an opening should occur unexpectedly, the department will report this in the next *List*. The only "no-vacancy" departments to which you should write are those in the main body of this issue where the notice has stated that letters or credentials will be kept on file.

General Advice for Candidates

Be sure that your dossier (transcript, letters of recommendation, and other material) is ready to be sent out by your placement bureau to any department that requests it. Prepare and duplicate a one-page vita sheet to enclose with any letters of application or inquiry. In your letter of

application, it is probably wise to express a willingness to be interviewed at the department's convenience. Professional meetings provide a convenient opportunity for such interviews (see list below).

While it is important to begin to search for a position immediately, you should be aware that *hiring goes on all year*. Surveys indicate that only about half of all English and foreign language departments have begun recruiting by the end of December and that the majority of departments do not complete the recruiting process until spring, in some cases until summer.

Bear in mind that the candidate who has not limited his or her search for a new position to a particular geographical area or kind of institution is most likely to find a position. Do not discount the small colleges where one often has the opportunity to teach a wide selection of courses to students of varied backgrounds.

Notice on Tenure Policies

The Modern Language Association recommends that department administrators and their representatives inform candidates before or during the interview about prospects for tenure in the specific position under consideration and about the tenure policies and practices in their departments and institutions. If the information is not offered, candidates are urged to inquire about these policies.

Acknowledgment of Applications

Acting on a recommendation from the MLA Delegate Assembly, the MLA Executive Council has adopted a policy calling for departments to acknowledge all applications for announced positions either by letter or by self-addressed postcards provided by applicants.

MLA Policy on the Reimbursement of Job Seekers

The following policies were recommended by the Delegate Assembly in December 1999 and approved by the MLA Executive Council in February 2000.

It is MLA policy that:

- Departments that require that job applicants send their application materials by express carrier reimburse those applicants for the cost of such shipment; and

- Departments that require multiple copies of writing samples and other application materials from job applicants reimburse applicants for the cost of duplicating their writing samples and other materials; and
- Departments that require books will return them to the applicant; and
- Departments that invite job applicants for on-campus interviews reimburse those applicants who accept such invitations for the costs of travel and accommodations incurred when visiting the campus for interviews.

ADVICE TO SEARCH COMMITTEE MEMBERS AND JOB SEEKERS ON FACULTY RECRUITMENT AND HIRING

Prepared by the MLA Committee on Academic Freedom and Professional Rights and Responsibilities

I. General Principles

1. Everyone in the profession benefits when job searches go well. Timely, open communication can ensure an atmosphere of collegiality between departments and candidates, even when the job market is tight or institutional circumstances are uncertain. Departments help to create such an atmosphere when they recognize how vulnerable candidates may feel during a job search; candidates help when they recognize that departments may be affected by institutional policies largely beyond their control. Problems arising during a job search may lead to impressions that damage individuals or institutions; however, professional conduct by all parties involved in a job search may prevent such problems and can only be beneficial to all.

2. All job candidates should be treated equitably. Throughout any search for new faculty members, departments should adhere to nondiscrimination and affirmative action guidelines, taking particular care not to discriminate on the basis of race, ethnic or national origin, religion, disability, age, gender, or sexual orientation. The principles of confidentiality should be respected by all parties.

II. Advertising and Initial Screening

1. Advertisements for an opening should be as specific as possible about the availability of the opening (definite, likely, or possible), the type of appointment (tenure-track or non-tenure-track), minimum degree requirements, field(s) of expertise, minimum teaching experience, and any other requirements or criteria.

2. Applicants should be allowed ample time to respond to advertisements of openings, and deadlines for applications should be specified whenever possible. Normally, applications should be accepted for at least twenty-one days after the announced publication date for a given issue of the *Job Information List* (about 15 October, 15 November, 15 February, and 15 April). Care should be taken to inform applicants of the department's projected timetable for making decisions about interviews at the MLA convention, and applicants should be kept informed of their status following the initial screening.

3. Applications submitted in response to announcements should be acknowledged promptly and courteously in writing (if possible, within two weeks), and care should be taken to inform applicants of their status following the initial screening. Acting on a recommendation from the MLA Delegate Assembly, the MLA Executive Council has adopted a policy calling for departments to acknowledge all

applications for announced positions either by letter or by self-addressed postcards provided by applicants.

III. Preparing Applications

1. The candidate should prepare a dossier, including a letter of application, curriculum vitae, transcript(s), and letters of recommendation, by the end of September, before the October issue of the *Job Information List*. It is the candidate's responsibility to make sure that all requested materials are supplied.

2. For the purpose of initial screening, a letter of application and dossier should normally suffice. To save all parties time and money, the committee recommends that departments request writing samples and other material only after a preliminary list of candidates has been chosen.

IV. Setting Up MLA Interviews

1. Candidates should realize that the department advertising in the *Job Information List* normally expects candidates to attend the MLA convention for screening interviews. Candidates who do not attend the convention may therefore be at a disadvantage. In such cases a telephone interview may be an appropriate alternative. Departments and candidates should realize that convention attendance is generally the most efficient and least expensive way to conduct interviews. Departments should make every effort to be represented at the convention by at least one member of the search committee.

2. Departments need to be able to reach candidates quickly between 1 and 24 December. Candidates who travel in December should supply departments with complete itineraries including telephone numbers. Because of the expenses related to convention attendance, departments should notify all candidates, including those not invited for interviews, of their status as early as possible.

3. Candidates applying from outside North America should have a contact in the United States to receive mail and messages. Since few departments have resources to bring candidates to on-campus interviews from outside North America, candidates who reside abroad should determine arrangements for any on-campus interviews during MLA convention interviews.

4. To be sure that candidates can get the information they need to keep interview appointments at the convention, a department chair or search committee chair should stop by the job center soon

after checking into a hotel, fill out the appropriate forms, and then check the “Who’s Where” listing for accuracy.

5. Departments need to be sure candidates know where the interview is taking place. The Job Information Center is set up to provide this information. If you plan to use the convention interview area, you need to sign in with the Job Information Center and hand in your schedule. If you are interviewing in a hotel room, remember that the hotel switchboard personnel are not authorized to disclose room numbers. You can register your room number and a list of interviewees with the Job Information Center, so that your room number will be given out only to the candidates with whom your department has set up appointments. Departments scheduled to begin interviewing on the first afternoon of the convention may need to arrive the day before, to avoid missing appointments because of travel delays or delays in checking into hotels.

6. Departments and candidates should plan realistically and adhere closely to schedules. When arranging interviews, candidates should leave as much time as possible between appointments, keeping in mind that they may have to deal with crowded elevators, slow meal service, or delayed shuttle buses. Departments should remember that interviews that run late may prevent candidates from keeping other appointments and that one instance of lateness can multiply into a whole series of missed or delayed interviews.

7. Whether held on or off campus, in person or by telephone, interviews should be conducted in a professional manner, permitting candidates adequate opportunity to explain and demonstrate their qualifications. Candidates and departments should review “Dos and Don’ts for Interviews,” by Herbert Lederer, revised in 1995 by CAF-PRR and reprinted each October in the *Job Information List*.

8. Interviewers should make every effort to accommodate candidates with disabilities.

V. Interviewing on Campus

1. Departments inviting candidates for on-campus interviews should pay candidates’ expenses, following standard institutional policies for travel reimbursement. Candidates should be told approximately how many others are being invited for on-campus interviews.

2. On-campus interviews represent a large investment of time and money for departments; therefore, candidates should not accept on-

campus interviews if they are not seriously interested in the position. Before traveling to a campus, candidates should thoroughly research the department’s faculty and programs. Candidates should find out what salary range and teaching load have been established for the position and should decide in advance what their own minimum requirements are. It is important that candidates also determine in advance whether their decisions may be influenced by special circumstances that should be communicated to the chair.

3. A department that invites a candidate to interview on its campus has an obligation to (a) arrange the logistics of the candidate’s stay (local transportation, lodging—including disability accommodations, meals); (b) set up interviews with faculty members and administrators; (c) provide a tour of the campus and its facilities; (d) provide adequate information about the department, the university, and the community; (e) plan social activities for the candidate; and (f) inform the candidate of the procedures and timetable for reimbursement.

4. Members of departments and search committees should not discuss other candidates with a visiting candidate.

VI. Negotiating an Offer

1. To minimize misunderstanding and anxiety during negotiations about offers, departments should establish ground rules in advance and let candidates know what these are before any offers are made. Departments should communicate with candidates regularly and openly about the status of the search process. All parties should be aware that, especially in times of fiscal uncertainty, circumstances beyond the institution’s control may delay or disrupt the hiring process.

2. No candidate should be required before 22 January to give a final answer to an offer of a position without tenure for the following academic year. After 22 January, candidates should normally be allowed two weeks to give a final answer to a formal offer.

CHECKLIST FOR JOB SEEKERS

The MLA Committee on Careers offers this checklist as an aid for first-time job seekers and as a guide for graduate departments about ways they can facilitate the placement of their graduates. As an association, the MLA has a vital interest in establishing procedures and practices that make the job search as effective and professional as possible.

Prepreparation

- Have you completed your dissertation? If not, do you have a realistic schedule for completing it?
- Have you defined the kind(s) of institution(s) where you would like to teach?
- Have you informed yourself about the job market? Have you consulted, for example, the *Job Information List*, the *Chronicle of Higher Education*, and the *ADE Bulletin* or *ADFL Bulletin* about the job situation?
- Have you spoken to recently hired faculty members about their experiences in the job market?
- Have you been realistic in defining the kinds of specialized courses you are qualified to teach? Have you articulated what you have to offer as a scholar and a teacher? What are the limits of the jobs for which you really qualify?
- Have you spoken to one or more of the following persons about the job search: your department placement officer, your department graduate adviser, your dissertation adviser, your department placement committee, other faculty members who know you well and who have shown interest in your work?
- Have you requested from your department or placement office standardized forms for your letters of recommendation?
- Have you requested letters from three to five faculty members who feel positively about you and who know your course work, dissertation, and teaching?
- Have you given your referees sufficient information about your record and at least several weeks to prepare their letters of recommendation?
- Have you estimated the costs of the job search? Although costs will vary, it is reasonable to expect to spend at least \$700 for travel, lodging, food, and incidentals when attending the MLA convention. Remember too that you will have duplicating and postage expenses, fees charged by the placement office for sending your dossier, long-distance phone charges, and expenses for purchase or rental of a telephone answering machine to receive calls before and after the convention. Although you should expect to be reimbursed for travel to on-campus interviews, you will probably have to pay airfare in advance. It is a good idea to establish credit and acquire a credit card if possible. When you are called for an on-campus interview, be sure to ask whether your expenses will be reimbursed.
- Have you requested a mock interview? If your department does not regularly schedule mock interviews for job candidates, have you discussed with several faculty members the kinds of questions you can expect to be asked and issues to be discussed?
- Have you considered requesting disability-related accommodations to facilitate your interview?

The MLA Convention

- Have you planned your interview schedule for the MLA convention, making sure that you have allowed enough time to get from one hotel to another?
- Do you have the information you need about the school and the department to which you have applied (e.g., course offerings, college and university requirements, faculty members)?
- Have you reviewed the list of “dos and don’ts” for interviewees?

The On-Campus Interview

- Have you determined beforehand the schedule of your visit and the meetings you will be asked to take part in? Have you asked the department to add things to your itinerary (e.g., a tour of the library, a meeting with students) that were not originally scheduled?
- Have you inquired in advance of your trip whether you will be reimbursed for expenses you incur for the on-campus interview? Have you done careful research beforehand about the faculty and curriculum of the school you will be visiting?
- Will you be required to make a formal presentation to faculty and/or students while on campus? If so, have you carefully prepared this presentation? Are you prepared to discuss your dissertation in detail?
- Have you received all the information you will need in order to make a decision if offered a job—information about salary, fringe benefits, moving expenses, tenure policies, any other terms of the contract, and the amount of time you will have to consider the offer?
- Have you informed the department of any disability-related accommodations to facilitate your interview?

After an Offer Is Made

- ❑ Are you well informed about the general financial health of the college or university, its enrollment trends, its support for the humanities, the distribution of majors, and the faculty members in your discipline?
- ❑ Are you clear about what your own teaching responsibilities will be? Do you know what your course load and approximate class sizes will be?
- ❑ Do your research interests have a clear place in the department? Have you asked about support for your research, including the availability of grants, sabbatical and released time?
- ❑ Do you know the criteria and procedures for tenure and promotion?
- ❑ Do you have an informed opinion about the advantages and disadvantages of living in the city or town where the college or university is located? Have you asked, for example, about housing, the cost of living, cultural and social opportunities, local politics, and public schools?
- ❑ You should not be required to respond before 22 January to an offer of a position without tenure for the following academic year. If you receive an offer between 22 January and the middle of the summer, you should be allowed two weeks to make a decision. But once you have definitely made up your mind about an offer, you should accept or reject it immediately: keep in mind that other candidates will be affected by your decision.

Things to Remember If You Don't Get an Offer

- ❑ The hiring season is not over in January; only the first wave has passed by then.
- ❑ While many offers are made in January, an offer in February does not necessarily mean that you are a second choice. It may mean that the department has had to wait a month to reconvene its search committee or receive final approval for funding.
- ❑ You may be on the market too early. The department may not have been convinced that you will actually finish your dissertation by the time specified.
- ❑ You may have pinned your hopes on too narrow a selection of schools.
- ❑ You can still inquire about your status at places where you have interviewed. You may still be on their lists.
- ❑ New jobs open up after the MLA convention. Keep reading the *Job Information List* through the summer supplement and consult the advertisements in the *Chronicle of Higher Education* and other professional publications.
- ❑ There will be another job market next year. Start preparing for it now. The current search will have given you valuable experience.

DOS AND DON'TS

FOR MLA CONVENTION INTERVIEWS

by Herbert Lederer, University of Connecticut

with revisions by Committee on Academic Freedom and Professional Rights and Responsibilities, 1995

The job interview is an event that has caused sufficient anxiety for both interviewer and interviewee to prompt a number of publications dealing with the topic. In recent years, concern about discrimination in the hiring process has led to a heightened awareness of the possibility of discriminatory intent in the questions asked by interviewers. In order to facilitate the conduct of interviews arranged through the MLA Job Information Service, guidelines have been developed for both interviewers and job candidates.

The Interviewer

Do

Schedule interviews at reasonable times and allow for adequate time
Leave time between interviews for notes
Read all the information your department has requested in advance
Ensure freedom from interruption
Introduce other department members present
Establish and maintain a pleasant atmosphere
Be polite and courteous
Try to put candidate at ease
Be aware of your own biases
Ask specific questions
Elicit all relevant information
Maintain eye contact
Ask appropriate questions; explore areas such as education, experience, special interests or skills, familiarity with textbooks, teaching methods, professional organizations, future expectations
Discuss candidate's attitude toward teaching and research in language and literature
Elicit candidate's interest in specific job
Provide candidate with clear picture of job
Explain operation of school and department
Describe working conditions (course load, other duties, salary, fringes, etc.)
Allow time for candidate's questions
Listen attentively
Ask follow-up questions for clarification or further detail
Inform candidate of probable time of decision
Ask candidate's permission to take notes
Be on time
Follow the Americans with Disabilities Act guidelines in meeting requests for accommodations

Don't

Interview more than one candidate at a time
Conduct major portion of interview during a meal
Ask questions about age, marital status, children, religion, medical or disability status, sexual orientation, or national origin
Display boredom
Doodle
Produce stress intentionally
Argue with candidate
Appear hostile to candidate
Be patronizing
Ask for information already in dossier
Ask leading questions
Ask yes-no questions if they can be avoided
Get off on tangents
Do all the talking
Describe job in negative terms
Oversell position
Downgrade other institutions or candidates
Tape-record or videotape
Require candidates to come to campus at their own expense
Make job offer until all interviews are concluded
Assume that the candidate's home institution makes him/her unsuitable for you

The Candidate

Do

Review job specifications
Inform yourself thoroughly about department and institution
Prepare questions you want to ask (about, for example, teaching load, class size, number of majors, range of courses you will teach, library resources, etc.)
Analyze your own strengths and weaknesses
Request of your department some practice interviewing
Familiarize yourself with widely used texts
If possible, allow yourself an hour between interviews
Be prepared to discuss approaches to languages and literature teaching
Think about courses you would like to teach
Be aware of nervousness
Come on time and follow all the usual protocols of politeness
Be polite and courteous
Watch body language (your own and interviewer's)
Project interest and enthusiasm, speak up clearly, listen attentively, and avoid using terms such as "you know," "like," etc.
Keep eye contact with interviewer
Be prepared for aggressive questions
Answer openly, directly, and honestly
Be specific both in answers and in your own questions
Inform institution if you receive and/or accept an offer elsewhere
Try to demonstrate your language ability
Bring out your strong points
Talk about special features in your background, skills, experience, interests, and goals
Summarize your qualifications for the job
Find out when decisions will be made
Write follow-up thank-you letter
Be aware that it is your right to request specific accommodations to make the interview accessible

Don't

Be laconic or loquacious
Be either apologetic or arrogant
Appear opinionated or contentious
Argue with interviewer
Let yourself be intimidated
Volunteer negative information
Downgrade other candidates, jobs, or institutions
Get off the track or ramble
Overstay your welcome
Ask about salary in a convention interview

LIST OF ADMINISTRATIONS CENSURED

BY THE AMERICAN ASSOCIATION OF UNIVERSITY PROFESSORS

Note: The following list and accompanying explanatory note are reprinted from *Academe* by permission of the American Association of University Professors and in accordance with the action of the MLA Delegate Assembly.

Investigations by the American Association of University Professors of the administrations of the institutions listed below show that, as evidenced by a past violation, they are not observing the generally recognized principles of academic freedom and tenure endorsed by this Association, the Association of American Colleges and Universities, and more than 150 other professional and educational organizations. The 1940 *Statement of Principles on Academic Freedom and Tenure* may be found in the May-June 1990 issue of *Academe*.

This list is published for the purpose of informing Association members, the profession at large, and the public that unsatisfactory conditions of academic freedom and tenure have been found to prevail at these institutions. Names are placed on or removed from this censure list by vote of the Association's Annual Meeting.

Placing the name of an institution on this list does not mean that censure is visited either upon the whole of the institution or upon the faculty, but specifically upon its present administration. The term "administration" includes the administrative officers and the governing board of the institution. This censure does not affect the eligibility of nonmembers for membership in the Association,

nor does it affect the individual rights of members at the institution in question.

Members of the Association have often considered it to be their duty, in order to indicate their support of the principles violated, to refrain from accepting appointment to an institution so long as it remains on the censure list. Since circumstances differ widely from case to case, the Association does not assert that such an unqualified obligation exists for its members; it does urge that, before accepting appointments, they seek information on present conditions of academic freedom and tenure from the Association's Washington office and prospective departmental colleagues. The Association leaves it to the discretion of the individual, possessed of the facts, to make the proper decision.

The censured administrations, with dates of censuring, are listed below. Reports were published as indicated by the *Bulletin* or *Academe* citations in parentheses following each listing. Reference should also be made to "Developments Relating to Censure by the Association" and to the "Report of Committee A," each of which appears annually in *Academe*.

MLA STATEMENT ON THE USE OF PART-TIME AND FULL-TIME ADJUNCT FACULTY

The following statement on the use of part-time and full-time adjunct faculty members was developed by an ad hoc committee of the Association of Departments of English and adopted by the MLA Executive Council in February 1994.

The expansion of the adjunct ranks in language and literature departments over the past two decades threatens the integrity of the profession and instructional programs. The practice of hiring numerous adjunct faculty members year after year to teach courses required of large numbers of undergraduates undermines professional and educational standards and academic freedom. Although adjunct appointments can add significant dimensions to curricula and some individuals prefer to accept only adjunct appointments because of other commitments, few adjunct appointments are made for educationally sound reasons. Indeed, the primary motivation for most of these appointments is to reduce the cost of instruction.

Adjunct faculty members fall into two groups: part-time instructors and non-tenure-track full-time instructors. The first group includes both instructors who are clearly temporary members of a department and instructors who teach from year to year and become virtually permanent. Members of the second group have full teaching loads but, as non-tenure-track faculty members, lack the institutional commitment given to their tenure-track colleagues. Graduate students are distinct from both groups.

The conditions under which most adjunct teachers are employed define them as nonprofessionals. Often they are hired quickly, as last-minute replacements. They receive little recognition or respect for their contributions to their departments; almost always they are paid inequitably and receive no fringe benefits.

Excessive reliance on an adjunct faculty can damage individual faculty members, students, institutions, and the profession. For the sake of an institution's economic welfare, adjunct faculty members are often denied the security that adequate salary, health insurance, and professional status can provide. The institution, in turn, suffers through the creation of a two-tiered system in which faculty members have different responsibilities and expectations.

In the light of these concerns, the MLA urges college and university administrators to make new and concerted efforts to eliminate excessive and irresponsible adjunct faculty appointments, to improve employment conditions for essential adjunct faculty members, and to

recognize the professional status and important contributions of such teachers.

The MLA offers the following guidelines for the employment of faculty members.

Guidelines

1. Each department should establish an appropriate limit on the number of adjunct faculty members in relation to the number of tenured or tenure-track faculty members and of graduate students serving as apprentice teachers. The norm in a department should be the tenured or tenure-track position. As tenured faculty members retire, they should be replaced by tenure-track faculty members. Departments that routinely assign a large part of undergraduate instruction to adjunct faculty members should reconsider their staffing practices.

2. All adjunct faculty members should be treated as professionals. Each department should develop a set of guidelines for adjunct faculty employment. These guidelines may vary from institution to institution but should address the following concerns:

- a. Adjunct faculty members should be hired, reviewed, and given teaching assignments according to processes comparable to those established for the tenured or tenure-track faculty members.
- b. They should be given mailboxes, office space, and clerical support.
- c. They should receive adequate introduction to their teaching assignments, departments, and institutions.
- d. They should be paid equitable prorated salaries and should receive basic benefits such as health insurance.
- e. They should be eligible for incentives that foster professional development, including merit raises and funds for research and travel.
- f. As appropriate, they should participate in determining departmental and institutional policies.

DEPARTMENTAL JOB LISTINGS

Note: An [R] at the end of a listing indicates that the department offering this position reimburses candidates for expenses and returns sample materials in accordance with MLA policy (see pp. i-ii).

U of Calgary

French, Italian & Spanish, 2500 University Dr NW Calgary, Alta Canada T2N 1N4

Professeur Adjoint de Français

1362

<http://fis.ucalgary.ca>

Le Département d'études françaises, italiennes et espagnoles (Université de Calgary) combine l'apprentissage des langues avec une riche variété d'intérêts intellectuels, y compris l'étude de la littérature et de la culture. En 2000 nous avons reçu une subvention importante de la Fondation canadienne pour l'innovation pour fonder un centre de recherche sur le langage. Le Département s'est donc engagé à renforcer ses activités de recherche et d'enseignement dans le domaine de l'acquisition d'une deuxième langue, et cela, en examinant l'impact des nouvelles technologies sur l'apprentissage. Dans ce but, le Département annonce l'ouverture d'un poste de professeur adjoint menant à la permanence (entrée en fonction le 1 juillet 2002). Nous recherchons la candidature de personnes poursuivant un programme de recherches dynamique et ayant pour spécialisation l'étude de l'acquisition d'une deuxième langue avec un intérêt marqué, à la fois dans leurs recherches et dans leur enseignement, pour les méthodologies qui comprennent l'utilisation des nouvelles technologies. La compétence linguistique en espagnol serait un atout important.

La personne nommée à ce poste détiendra un doctorat (PhD ou l'équivalent) en linguistique, en études françaises ou dans un domaine connexe, comptera à son actif un excellent dossier de publications, aura déjà enseigné le français à des non-francophones, et pratiquera couramment le français comme langue de communication quotidienne. Nous favoriserons la candidature de personnes qui apportent de l'énergie et de l'innovation à leurs recherches et à leur enseignement (premier, deuxième, troisième cycles), qui sont aptes à créer de nouveaux ponts intellectuels entre les divers secteurs du Département et de l'Université et qui ont intégré une vision interdisciplinaire à leur propre travail universitaire. Le Département participe actuellement à plusieurs initiatives, soit avec le Département de linguistique dans la Faculté des Sciences Sociales, avec le Département d'études germaniques, slaves et de l'Asie orientale dans la Faculté des Études Humaines ainsi qu'avec la Faculté de l'Éducation.

Nous nous attendons à ce que la personne nommée à ce poste participe à la fois au renforcement et au développement de telles initiatives, surtout dans le développement du nouveau centre de recherche.

Les candidat(e)s doivent faire parvenir au directeur du Département une lettre d'introduction ainsi qu'un curriculum vitae complet accompagné d'informations détaillées sur leurs études supérieures. Les répondants des candidat(e)s feront parvenir trois lettres de recommandation confidentielles directement au Département d'études françaises, italiennes et espagnoles. Toute documentation relative à cette demande doit parvenir au plus tard le 31 octobre 2001 à l'adresse suivante: M. Anthony Wall, directeur, Department of French, Italian and Spanish, The University of Calgary, 2500 University Dr. N.W., Calgary, Alberta, Canada T2N 1N4. The University of Calgary respects, appreciates and encourages diversity.

The Department of Modern Languages and Cultural Studies, University of Alberta, invites applications for a tenure-track position in German Applied Linguistics, effective July 1, 2002, at the rank of Assistant Professor. Entry level salary for assistant professors as of that date is \$45,374. The successful candidate will have a PhD, native or near-native proficiency in German, demonstrated research competence, and strong teaching potential. Applicants should be well qualified in the area of Second Language Acquisition and Pedagogy in German and be capable of teaching at undergraduate and graduate levels.

Applicants should have a strong cultural orientation to their teaching and research, have relevant interdisciplinary interests and be open to collaboration with other departments in the Faculty and other disciplines in the Department of Modern Languages and Cultural Studies. The Department would like to hear from candidates with strong leadership qualities and professional interests in curriculum development, methodologies of second language acquisition and pedagogy, CALL, internet applications, and new technologies in language learning. The successful candidate will play a major role in the functioning of the language program in German and, in collaboration with colleagues in other areas, participate in the overall operation of language programs in the department. Secondary interests in one or more of the following areas would be welcome: translation, business German, or history of the language. Fluency in another Germanic language, or in a Romance or Slavic language would be an asset.

Applications, including resume, all university transcripts, and three letters of recommendation, should be sent directly to Dr. Donald Bruce, Chair, Department of Modern Languages and Cultural Studies: Germanic, Romance, Slavic, Arts 200, University of Alberta, Edmonton, Alberta, Canada, T6G 2E6. E-mail enquiries may be directed to dolores.wohland@ualberta.ca; Tel: (780) 492-1997; Fax: (780) 492-9106. First consideration of applications: November 30, 2001. Applications will be accepted until the position is filled.

The records arising from this competition will be managed in accordance with provisions of the Alberta Freedom of Information and Protection of Privacy Act (FOIPPA). The University of Alberta hires on the basis of merit. We are dedicated to the principle of equity in employment. We welcome diversity and encourage applications from all qualified women and men, including persons with disabilities, members of visible minorities, and Aboriginal persons. [R]

The Program in Comparative Literature, in collaboration with the Department of Romance Languages and Literatures, invites applications for a tenure-related position to begin September 2002. The position is currently defined as an Assistant Professorship, but exceptional candidates at the levels of Associate Professor and Professor will be considered. We seek a teacher and scholar for whom Spanish peninsular literature and culture of the Early Modern period is a major interest. Our new colleague must have a genuinely comparative program of teaching and research with a strong purchase on recent theoretical and methodological debates in the field. In the case of senior applicants, a distinguished record of scholarly achievement is required. Professional fluency in Spanish is expected; a strong interest in a second Romance or other language and literature would be an asset. Undergraduate and graduate teaching will be in both the Program in Comparative Literature and the Department of Romance Languages and Literatures. Candidates should submit letters of application, vitae, and dossiers by November 10, 2001 to: Professor Kenneth Calhoun, Director, Program in Comparative Literature, 5242 University of Oregon, Eugene, OR 97403-5242. Assistant Professor of Women's Studies

698

BOWDOIN COLLEGE Brunswick, Maine Two tenure track positions in Women's Studies beginning August 2002. We expect to hire at the assistant professor level but are open to an appointment at associate or full professor for one of the two positions. These two positions will support the core of our Women's Studies Program that now has over 30 faculty members teaching courses in it. The two positions will ideally complement one another in disciplinary perspective (one in social science and one in humanities) and in terms of location of inquiry (U.S.-based and global). Both positions require a firm grounding in women's studies and feminist theory. The faculty in these positions will be responsible for teaching, in rotation, the introductory women's studies course, feminist theory, a senior level capstone course for majors, and courses in their own areas of expertise. Bowdoin College (<http://www.bowdoin.edu>) is a small, liberal arts college with highly motivated students, a two-course teaching load per semester, and support for serious scholarly engagement by faculty. Ph.D. prior to appointment preferred. Candidates for these positions should demonstrate the potential for excellent teaching and scholarship and the ability to work effectively with colleagues and students in an interdisciplinary program. To apply, please submit a cover letter that includes courses one would be interested in

teaching, curriculum vitae, three letters of reference, examples of published research or works in progress, and evidence of teaching effectiveness to Rachel Connelly, Director Women's Studies Program, Bowdoin College, 7100 College Station, Brunswick, ME 04011.
